### PAST PERFORMANCE

“ I secured the services of Beatty's Services since 1992. As the CEO of a large maternal and child health agency next door to her offices in Harlem NY. She provided my team with expert administrative support staff to manage our front desk and key departmental divisions. Many times, we requested assistance on short notice, but her employee supply chain was always read to quickly meet our needs for competent human capital. We are in the healthcare business, so timeliness and quality are important to keeping our client's health and alive. Ms. White and her staff also referred excellent temporary staff on a timely basis. Historically and even today, we are totally satisfied with the services rendered by her firm. She has the administrative infrastructure to manage projects professionally and the front-line procurement staff were always polite, professional and helped us achieved results and important deadlines.”
